CHAIRMAN'S STATEMENT

INTRODUCTION

MobilityOne Limited's organisation structure is depicted below:

OPERATIONS REVIEW

With improving economic conditions in the region, especially in Malaysia, the Group reported a higher revenue growth and a reduction in losses in 2010 compared to 2009. During the year, the Group signed an agreement with Carrefour Malaysia to roll out approximately 300 electronic data capture (“EDC”) terminals for prepaid mobile phone airtime reloads across Carrefour Malaysia's 23 hypermarkets and 20 express stores throughout the country. Even though the Group has sustained its revenue contribution from the EDC terminal base, however a substantial increase in revenue was seen in the banking channels whereby the prepaid mobile phone subscribers are becoming more familiar and comfortable with transacting via the banking channels, such as mobile banking, Internet banking and ATMs. In addition, the Group was awarded a contract from Telekom Malaysia Berhad to supply telecommunication hardware over a period of three years. The total value of the contract is RM22.7 million (c. £4.7 million) and the Group has delivered approximately 60% of the total contract value.

For the Group's international remittance services, the Group has entered into a Money Transfer Services Agreement with Coinstar Money Transfer Limited (previously known as Travelex Money Transfer Limited) (“CMT”) to provide a money transfer service from the Group's outlets in Malaysia to any of CMT's locations worldwide. This is in addition to the Group's existing agreements with G-Xchange, Inc. and M. Lhuillier in the Philippines as well as PT Finnet Indonesia and PT Telekomunikasi Selular in Indonesia, for the money transfer service to the Philippines and Indonesia respectively.

In Cambodia, the Group has entered into agreements with several telecommunications companies, namely Hello Axiata Company Limited, Latelz Co. Ltd, Cambodia Advance Communications Co. Ltd, Viettel (Cambodia) Pte Ltd, Sotelco Ltd and Applifone Company Ltd to sell their prepaid reloads. However, MobilityOne has not been aggressively expanding its business in Cambodia as the Group has been focusing its time and investments on expanding its business operations in Malaysia.

CHAIRMAN'S STATEMENT

(CONTINUED)

In Indonesia, PT MobilityOne Indonesia has secured several contracts to provide system maintenance services to two major mobile operators, namely Indosat and XL Axiata.

We present the audited consolidated financial statements for MobilityOne Limited for the year ended 31 December 2010.

RESULTS

For the financial year ended 31 December 2010, the Group recorded a revenue of £23.3 million, representing an increase of 69.6% compared to £13.7 million for 2009, and a loss after tax of £0.2 million, representing a reduction of 76.5% compared to a loss after tax of £0.9 million for 2009. The increase in revenue was mainly due to a higher demand for the Group's existing mobile phone's prepaid airtime reload business. Despite the increase in revenue, the Group recorded a small loss, which was due to higher operating costs and expenses for the new business in remittance and costs incurred to explore new business opportunities.

CURRENT TRADING AND OUTLOOK

The Directors anticipate that the performance of the Group will continue to improve in 2011, after taking into consideration the following developments:

- (i) Continued revenue growth from prepaid airtime reloads for mobile phones via the Group's banking channels and EDC terminals;
- (ii) A higher contribution from the Company's international remittance services, with a strategy to open more outlets and tie-up with more cash out partners in Indonesia, Bangladesh and Nepal; and
- (iii) A higher contribution from PT MobilityOne Indonesia from the existing and new contracts.

The Directors are confident about the prospects for the Group in the long term and believe the Group's ongoing investment in research and development to develop innovative solutions will produce positive results in future periods. Barring any unforeseen circumstances, the Directors are cautiously optimistic on the outlook of the Group in terms of revenue growth in 2011.

CONCLUSION

On behalf of the Board of Directors, I would like to extend my appreciation to the management and staff of the Group for their continuing commitment and dedication over the year.

.....
Dato' Dr. Wan Azmi bin Ariffin
Chairman

Date: 9 June 2011

REPORT OF THE DIRECTORS

For the year ended 31 December 2010

The Directors present their report with the financial statements of the Company and the Group for the year ended 31 December 2010.

PRINCIPAL ACTIVITY

The principal activity of the Group in the year under review was in the business of providing e-commerce infrastructure payment solutions and platforms.

KEY PERFORMANCE INDICATORS

	Year ended 31.12.2010 £	Year ended 31.12.2009 £
Revenue	23,291,599	13,733,773
Operating loss	(122,436)	(846,286)
Loss before tax	(206,079)	(917,343)
Net loss	(215,118)	(917,343)

KEYS RISKS AND UNCERTANTIES

Operational risks

The Group is not insulated from general business risk as well as certain risks inherent in the industry in which the Group operates. This may include technological changes, unfavourable changes in Government and international policies, the introduction of new and superior technology or products and services by competitors and changes in the general economic, business and credit conditions.

Dependency on Distributorships Agreements

The Group relies on various telecommunication companies to provide the telecommunication products. Hence the Group's business may be materially and adversely affected if one or more of these telecommunication companies cut or reduce drastically the supply of their products. The Group has distributorship agreements with telecommunication companies such as DiGi Telecommunications Sdn. Bhd., Celcom (M) Berhad and Maxis Communication Berhad, which are subject to periodic renewal.

Rapid technological changes/product changes in the e-commerce industry

The ability to keep pace with rapid technological development in the e-commerce industry will affect the Group's revenues and profits. The e-commerce industry is characterised by rapid technological changes due to changing market trends, evolving industry standards, new technologies and emerging competition. Future success will be dependent upon the Group's ability to enhance its existing technology solutions and introduce new products and services to respond to the constantly changing technological environment. The timely development of new and enhanced services or products is a complex and uncertain process.

REPORT OF THE DIRECTORS

(CONTINUED)

For the year ended 31 December 2010

Demand of products and services

The Group's future results depend on the overall demand for its products and services. Uncertainty in the economic environment may cause some business to curtail or eliminate spending on payment technology. In addition, the Group may experience hesitancy on the part of existing and potential customers to commit to continuing with its new services.

REVIEW OF BUSINESS

The results for the year and financial position of the Company and the Group are as shown in the Chairman's statement.

RESULTS AND DIVIDENDS

The consolidated loss for the year ended 31 December 2010 is £215,118 (31.12.2009: loss £917,343) which has been transferred to reserves. No dividends will be distributed for the year ended 31 December 2010.

DIRECTORS

The Directors during the year under review were:

Dato' Dr. Wan Azmi bin Ariffin (Non-Executive Chairman)
Dato' Hussian @ Rizal bin A. Rahman (Chief Executive Officer)
Derrick Chia Kah Wai (Technical Director)
Seah Boon Chin (Corporate Finance Director)
Dato' Shamsir bin Omar (Non-Executive Director)
Kjetil Langland Bohn (Non-Executive Director)

Dato' Shamsir bin Omar and Kjetil Langland Bohn who are eligible offer themselves for re-election at the forthcoming Annual General Meeting.

The beneficial interests of the Directors holding office at 31 December 2010 in the ordinary shares of the Company, were as follows:

Ordinary 2.5p shares	Interest at 31.12.10	% of issued capital
Dato' Dr. Wan Azmi bin Ariffin	Nil	Nil
Dato' Hussian @ Rizal bin A. Rahman	30,661,895	32.8
Derrick Chia Kah Wai	Nil	Nil
Seah Boon Chin	Nil	Nil
Dato' Shamsir bin Omar	9,131,677	9.8
Kjetil Langland Bohn	Nil	Nil

REPORT OF THE DIRECTORS

(CONTINUED)

For the year ended 31 December 2010

The Directors also held the following ordinary shares under option:

Interest at 31.12.10

Dato' Dr. Wan Azmi bin Ariffin	Nil
Dato' Hussian @ Rizal bin A. Rahman	2,000,000
Derrick Chia Kah Wai	2,000,000
Seah Boon Chin	2,000,000
Dato' Shamsir bin Omar	Nil
Kjetil Langland Bohn	Nil

The options were granted on 5 July 2007 at an exercise price of 12.5p. The period of the options is five years.

SUBSTANTIAL SHAREHOLDERS

As at 1 June 2011, the Company had been notified of the following beneficial interests in 3% or more of the issued share capital pursuant to Part VI of Article 110 of the Companies (Jersey) Law 1991:

Ordinary 2.5p shares	Number of ordinary shares	% of issued capital
Dato' Hussian @ Rizal bin A. Rahman	30,661,895	32.8
Thornbeam Limited	16,048,922	17.2
Datuk Yahaya bin Mat Ghani	10,500,000	11.2
Dato' Shamsir bin Omar	9,131,677	9.8
Perbadanan Nasional Berhad	5,290,000	5.7

PUBLICATION OF ACCOUNTS ON COMPANY WEBSITE

Financial statements are published on the Company's website. The maintenance and integrity of the website is the responsibility of the Directors. The Directors' responsibility also extends to the financial statements contained therein.

INDEMNITY OF OFFICERS

The Group does not have the insurance cover against legal action brought against its Directors and officers.

GROUP'S POLICY ON PAYMENT OF CREDITORS

It is the Group's normal practice to make payments to suppliers in accordance with agreed terms provided that the supplier has performed in accordance with the relevant terms and conditions.

MOBILITYONE

REPORT OF THE DIRECTORS

(CONTINUED)

For the year ended 31 December 2010

EMPLOYEE INVOLVEMENT

The Group places considerable value on the involvement of the employees and has continued to keep them informed on matters affecting the Group. This is achieved through formal and informal meetings.

GOING CONCERN

These financial statements have been prepared on the assumption that the Group is a going concern. Further information is given in Note 2 of the financial statements.

STATEMENT OF DIRECTORS' RESPONSIBILITIES

The Directors are responsible for preparing the financial statements in accordance with applicable law and regulations.

Company law requires the Directors to prepare financial statements for each financial year. Under that law the Directors have elected to prepare the financial statements in accordance with International Financial Reporting Standards as adopted for use in the European Union. The financial statements are required by law to give a true and fair view of the state of affairs of the Company and the Group and of the profit or loss of the Group for that period. In preparing these financial statements, the Directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgments and estimates that are reasonable and prudent;
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Company will continue in business for the foreseeable future; and
- state that the financial statements comply with International Financial Reporting Standards (IFRS) as adopted by the European Union.

The Directors are responsible for keeping proper accounting records which disclose with reasonable accuracy at any time the financial position of the Company and the Group and to enable them to ensure that the financial statements comply with the Article 110 of the Companies (Jersey) Law 1991 and Article 4 of the IAS regulation. They are also responsible for safeguarding the assets of the Company and the Group and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

STATEMENT AS TO DISCLOSURE OF INFORMATION TO AUDITORS

So far as the Directors are aware, there is no relevant audit information (as defined by Section 234ZA of the Article 110 of the Companies (Jersey) Law 1991) of which the Group's auditors are unaware, and each Director has taken all the steps that he ought to have taken as a Director in order to make himself aware of any relevant audit information and to establish that the Group's auditors are aware of that information.

REPORT OF THE DIRECTORS

(CONTINUED)

For the year ended 31 December 2010

AUDITORS

Jeffreys Henry LLP have expressed their willingness to continue in office. A resolution proposing that Jeffreys Henry LLP be re-appointed will be put to the forthcoming Annual General Meeting.

ON BEHALF OF THE BOARD:

MOBILITYONE
TECHNOLOGY INNOVATION IN ONE

CORPORATE GOVERNANCE REPORT

For the year ended 31 December 2010

The Directors acknowledge the importance of the Principles set out in the Combined Code issued by the Committee on Corporate Governance. Although the Combined Code is not compulsory for AIM companies, the Directors intend to apply the principles as far as practicable and appropriate for a relatively small public company as follows:

THE BOARD OF DIRECTORS

The Board is responsible for strategy, performance, approval of major capital projects and the framework of internal controls. To enable the Board to discharge its duties, all Directors receive appropriate and timely information. Briefing papers are distributed to all Directors in advance of Board meetings. All Directors have access to the advice and services of the Company Secretary, who is responsible for ensuring that Board procedures are followed and that applicable rules and regulations are complied with.

AUDIT COMMITTEE AND REMUNERATION COMMITTEE

The Audit Committee and the Remuneration Committee comprise of the Non-executive Directors. The Audit Committee receives and reviews reports from management and the Company's auditors relating to the annual and interim accounts and the accounting and internal control systems of the Company. The Audit Committee has unrestricted access to the Group's auditors.

The Remuneration Committee reviews the performance of the Executive Directors, sets their remuneration, determines the payment of bonuses to Executive Directors and considers the allocation of share options to Directors and employees.

INTERNAL FINANCIAL CONTROL

The Board is responsible for establishing and maintaining the Group's system of internal financial control and places importance on maintaining a strong control environment. The key procedures which the Directors have established with a view to providing effective internal financial control are as follows:

- The Group's organisational structure has clear lines of responsibility.
- The Company prepares a comprehensive annual budget that is approved by the Board. Monthly results are reported against the budget and variances are closely monitored by the Directors.
- The Board is responsible for identifying the major business risks faced by the Company and for determining the appropriate courses of action to manage those risks.
- The Board is involved in regular subsidiary company Board meetings and with structured operational reporting requirements.

The Directors recognise, however, that such a system of internal financial control can provide only reasonable, not absolute, assurance against material misstatement or loss. The Directors have reviewed the effectiveness of the system of internal financial control that will be operated by the Group.

CORPORATE GOVERNANCE REPORT

(CONTINUED)

For the year ended 31 December 2010

SERVICE CONTRACTS

The Directors have service contracts and letters of appointment, which require not less than 3 months' notice of termination.

MODEL CODE

The Company has adopted and operates a share dealing code for Directors and senior executives on the same terms as the London Stock Exchange Model Code for companies whose shares have been admitted to AIM.

RELATIONS WITH SHAREHOLDERS

Communications with shareholders are given high priority. The Board uses the Annual General Meeting to communicate with investors and welcomes their participation. The Chairman aims to ensure that the Directors are available at Annual General Meetings to answer questions.

BOARD OF DIRECTORS

Dato' Dr. Wan Azmi bin Ariffin *(Non-Executive Chairman)*

Dato' Dr. Wan Azmi bin Ariffin, a Malaysian aged 67, is the Non-Executive Chairman of the Company. He began his career as a teacher for secondary schools from 1965 to 1977 and later became a university lecturer from 1979 to 1981. Since then, he has been active in the Malaysian politics. He obtained his Bachelor Degree in Geography from Universiti Sains Malaysia and a Master's Degree in Economic Development and a PhD in Political Economics from McGill University, Canada.

Dato' Hussian @ Rizal bin A. Rahman *(Chief Executive Officer)*

Dato' Hussian @ Rizal bin A. Rahman, a Malaysian aged 49, is the Chief Executive Officer of the Group. He has extensive experience in the IT and telecommunications industries in Malaysia and is responsible for the development of the Group's overall management, particularly in setting the Group's business direction and strategies. He obtained a certified Master of Business Administration from the Oxford Association of Management, England.

Derrick Chia Kah Wai *(Technical Director)*

Derrick Chia Kah Wai, a Malaysian aged 40, is the Technical Director of the Group. He began his career as a programmer in 1994, he then joined GHL Systems Berhad in January 1998 as a Software Engineer and was promoted to Software Development Manager in December 1999. He obtained his Bachelor Degree in Commerce, majoring in Management Information System from University of British Columbia, Canada. He joined the Group in May 2005 and is responsible for the Group's R&D team which include the architectural design of its technology platform.

Seah Boon Chin *(Corporate Finance Director)*

Seah Boon Chin, a Malaysian aged 39, is the Corporate Finance Director of the Company. He began his career as a senior officer with Chung Khiaw Bank (Malaysia) Bhd. (now United Overseas Bank (Malaysia) Berhad) from 1995 to 1996. From 1997 to January 2007, he worked in the Corporate Finance Department of established financial institutions in Malaysia and Singapore including CIMB Investment Bank Berhad, Affin Investment Bank Berhad and Public Investment Bank Berhad. He obtained his Bachelor Degree in Commerce (Honours) with Distinction from McMaster University, Canada. He joined the Group in January 2007 and is responsible for the Group's corporate finance activities.

Dato' Shamsir bin Omar *(Non-Executive Director)*

Dato' Shamsir bin Omar, a Malaysian aged 76 is a Non-Executive Director of the Group. He commenced his career with the Malaysian Government in August 1960 as the Auditor and Accountant in the Department of Cooperative Development. In 1966, he was appointed as the Chief Accountant in the Ministry of Education, Malaysia. In 1967, he was promoted to the position of Deputy Accountant General in the Ministry of Finance, Malaysia. In 1968, he became the Accountant General, Malaysia, a post he held for 22 years until his retirement in July 1989. After retirement from government service in 1989, he joined Shamsir Jasani Grant Thornton, Malaysia. He has been the accounting firm's Chairman since then. He is a fellow member of the Institute of Chartered Accountants in Australia.

Kjetil Langland Bohn *(Non-Executive Director)*

Kjetil Langland Bohn, a Norwegian aged 41 is a Non-Executive Director of the Company. He graduated from the Norwegian Business School in Bergen and began his career as a journalist with Hegnar Media AS from 1996 to 2000. In July 2000 he founded Viva Technologies AS and acted as CEO until February 2004 when he founded Vyke AS. In 2009, he left Vyke Communications plc and founded Agrinos AS, a bio-technology company.

REPORT OF THE INDEPENDENT AUDITORS TO THE MEMBERS OF MOBILITYONE LIMITED

We have audited the Group and the Company financial statements of MobilityOne Limited for the year ended 31 December 2010 which comprise the Consolidated Income Statement, Consolidated Statement of Comprehensive Income, Consolidated Statement of Changes in Equity, Consolidated Statement of Financial Position, Company Statement of Financial Position, Consolidated Statement of Cash Flows, Company Statement of Cash Flows and the related notes. These financial statements have been prepared under the accounting policies set out therein.

This report is made solely to the Company's members, as a body, in accordance with Article 110 of the Companies (Jersey) Law 1991. Our audit work has been undertaken so that we might state to the Company's members those matters we are required to state to them in an auditors' report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Company and the Company's members as a body, for our audit work, for this report, or for the opinions we have formed.

RESPECTIVE RESPONSIBILITIES OF DIRECTORS AND AUDITORS

The Directors' responsibilities for preparing the financial statements in accordance with applicable law and International Financial Reporting Standards as adopted for use in the European Union are set out on page 8.

Our responsibility is to audit the financial statements in accordance with relevant legal and regulatory requirements and International Standards on Auditing (UK and Ireland).

We report to you our opinion as to whether the financial statements give a true and fair view and are properly prepared in accordance with the Companies (Jersey) Law 1991. We also report to you whether in our opinion the information given in the Report of the Directors is consistent with the financial statements.

In addition, we report to you if, in our opinion, the Company has not kept proper accounting records, if we have not received all the information and explanations we require for our audit, or if information specified by law regarding Directors' remuneration and other transactions is not disclosed.

We read other information contained in the Annual Report and consider whether it is consistent with the audited financial statements. The other information comprises only the Chairman's Statement, Corporate Governance Report and Directors' Report. Our responsibility does not extend to any other information.

BASIS OF AUDIT OPINION

We conducted our audit in accordance with International Standards on Auditing (UK and Ireland) issued by the Auditing Practices Board. An audit includes examination, on a test basis, of evidence relevant to the amounts and disclosures in the financial statements. It also includes an assessment of the significant estimates and judgments made by the Directors in the preparation of the Group's financial statements, and of whether the accounting policies are appropriate to the Group's and the Company's circumstances, consistently applied and adequately disclosed.

We planned and performed our audit so as to obtain all the information and explanations which we considered necessary in order to provide us with sufficient evidence to give reasonable assurance that the Group's financial statements are free from material misstatement, whether caused by fraud or other irregularity or error. In forming our opinion we also evaluated the overall adequacy of the presentation of information in the financial statements.

MOBILITYONE
TECHNOLOGY INNOVATION IN ONE

REPORT OF THE INDEPENDENT AUDITORS TO THE MEMBERS OF MOBILITYONE LIMITED

(CONTINUED)

OPINION ON THE FINANCIAL STATEMENTS

In our opinion:

- the Group's financial statements give a true and fair view, in accordance with International Financial Reporting Standards as adopted for use in the European Union, of the state of affairs of the Group as at 31 December 2010 and of the loss of the Group for the period then ended;
- the Company's financial statements give a true and fair view, in accordance with International Financial Reporting Standards as adopted for use in the European Union, as applied in accordance with the provisions of the Companies (Jersey) Law 1991, of the state of the Company's affairs as at 31 December 2010; and
- the financial statements have been properly prepared in accordance with the Companies (Jersey) Law 1991 and, in relation to the Group financial statements.

OPINION ON OTHER MATTERS

In our opinion the information given in the Report of the Directors for the financial year for which the financial statements are prepared is consistent with the financial statements.

MATTERS ON WHICH WE ARE REQUIRED TO REPORT BY EXCEPTION

We have nothing to report in respect of the following matters where Companies (Jersey) Law 1991 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept by the Parent Company, or returns adequate for audit have not been received from branches not visited by us; or
- the Company financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of Directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit.

Share capital is the amount subscribed for shares at nominal value.

Share premium represents the excess of the amount subscribed for share capital over the nominal value of the respective shares net of share issue expenses.

The reverse acquisition reserve relates to the adjustment required by accounting for the reverse acquisition in accordance with IFRS 3.

The Company's assets and liabilities stated in the Statement of Financial Position were translated into Pound Sterling (£) using the closing rate as at the Statement of Financial Position date and the income statements were translated into £ using the average rate for that period. All resulting exchange differences are taken to the foreign currency translation reserve within equity.

Retained earnings represent the cumulative earnings of the Group attributable to equity shareholders.

MOBILITYONE
TECHNOLOGY INNOVATION IN ONE

NOTES TO THE FINANCIAL STATEMENTS

For the year ended 31 December 2010

1. GENERAL INFORMATION

The principal activity of the Company is investment holding. The principal activities of the subsidiary companies are set out in Note 13 to the financial statements. There were no significant changes in the nature of these activities during the year.

The Company is incorporated in Jersey, The Channel Islands under the Companies (Jersey) Law 1991 and is listed on AIM. The registered office is located at 28-34 Hill Street, St Helier, Jersey JE4 8PN, Channel Islands. The consolidated financial statements for the year ended 31 December 2010 comprise the results of the Company and its subsidiary companies undertakings. The Company's shares are traded on AIM of the London Stock Exchange.

MobilityOne Limited is the holding company of an established group of companies ("Group") based in Malaysia which is in the business of providing e-commerce infrastructure payment solutions and platforms through their proprietary technology solutions, which are marketed under the brands MoCS™ and ABOSS™.

The Group has developed an end-to-end e-commerce solution which connects various service providers across several industries such as banking, telecommunication and transportation through multiple distribution devices such as EDC terminals, short messaging services, Automated Teller Machine and Internet banking.

The Group's technology platform is flexible, scalable and has been designed to facilitate cash, debit card and credit card transactions (according to the device) from multiple devices while controlling and monitoring the distribution of different products and services.

2. ACCOUNTING POLICIES

Basis of preparation

These financial statements have been prepared in accordance with International Financial Reporting Standards (IFRSs and IFRIC interpretations) issued by the International Accounting Standards Board (IASB), as adopted by the European Union, and with those parts of the Companies (Jersey) Law 1991 applicable to companies preparing their financial statements under IFRS. The financial statements have been prepared under the historical cost convention.

Going Concern

The Group's business activities, together with the factors likely to affect its future development, performance and position, are set out in the Business Review on page 3. The financial position of the Group, its cash flows, liquidity position and borrowing facilities are described in the financial statements and associated notes. In addition, Note 3 to the financial statements includes the Group's objectives, policies and processes for managing its capital; its financial risk management objectives; details of its financial instruments and hedging activities; and its exposures to credit risk and liquidity risk.

In order to assess the going concern of the Group, the Directors have prepared cashflow forecasts for companies within the Group. These cashflow forecasts show the Group will have increased sales based primarily on signed contracts and having sufficient headroom over available banking facilities. The Group has obtained banking facilities sufficient to facilitate the growth forecast in future periods. No matters have been drawn to the Directors' attention to suggest that future renewals may not be forthcoming on acceptable terms.

After making enquiries, the Directors have a reasonable expectation that the Group has adequate resources to continue in operational existence for the foreseeable future. Accordingly, they continue to adopt the going concern basis in preparing the financial statements.

NOTES TO THE FINANCIAL STATEMENTS

(CONTINUED)

For the year ended 31 December 2010

2. ACCOUNTING POLICIES (Continued)

Estimation uncertainty and critical judgements

The significant areas of estimation uncertainty and critical judgements in applying accounting policies that have the most significant effect on the amount recognised in the financial statements are as follows:

(i) Acquisition of subsidiary companies

Intangible assets acquired have been accounted for in accordance with IFRS 3 'Business Combinations' and IAS 38 'Intangible Assets'. The key assumptions are the identifiable intangible assets acquired, forecast future cash flows and the discount rate. The carrying amounts of the Group's intangible assets as at 31 December 2010 are disclosed in Note 11 to the financial statements.

(ii) Depreciation of property, plant and equipment

The costs of property, plant and equipment of the Group are depreciated on a straight-line basis over the useful lives of the assets. Management estimates the useful lives of the property, plant and equipment to be within 5 to 10 years. These are common life expectancies applied in the industry. Changes in the expected level of usage and technological developments could impact the economic useful lives and the residual values of these assets, therefore future depreciation charges could be revised. The carrying amounts of the Group's property, plant and equipment as at 31 December 2010 are disclosed in Note 12 to the financial statements.

(iii) Amortisation of intangible assets

Software is amortised over its estimated useful life. Management estimated the useful life of this asset to be within 10 years. Changes in the expected level of usage and technological development could impact the economic useful life therefore future amortisation could be revised.

The Group determines whether goodwill is impaired at least on an annual basis. This requires an estimation of the value-in-use of the cash generating units ("CGU") to which goodwill is allocated. Estimating a value-in-use amount requires management to make an estimation of the expected future cash flows from the CGU and also to choose a suitable discount rate in order to calculate the present value of those cash flows.

The research and development costs are amortised on a straight-line basis over the life span of the developed assets. Management estimated the useful life of these assets to be within 5 years. Changes in the technological developments could impact the economic useful life and the residual values of these assets, therefore future amortisation charges could be revised.

The carrying amounts of the Group's intangible assets as at 31 December 2010 are disclosed in Note 11 to the financial statements.

(iv) Impairment of goodwill on consolidation

The Group's cash flow projections include estimates of sales. However, if the projected sales do not materialise there is a risk that the value of goodwill would be impaired.

NOTES TO THE FINANCIAL STATEMENTS

(CONTINUED)

For the year ended 31 December 2010

2. ACCOUNTING POLICIES (Continued)

Estimation uncertainty and critical judgements (continued)

The Directors have carried out a detailed impairment review in respect of goodwill. The Group assesses at each reporting date whether there is an indication that an asset may be impaired, by considering the net present value of discounted cash flows forecasts which have been discounted at 8.5%. The cash flow projections are based on the assumption that the Group can realise projected sales. A prudent approach has been applied with no residual value being factored. At the period end, based on these assumptions there was no indication of impairment of the value of goodwill or of development costs.

However, if the projected sales do not materialise there is a risk that the value of the intangible assets shown above would be impaired.

The carrying amount of the Group's goodwill on consolidation as at 31 December 2010 is disclosed in the Note 11 to the financial statements.

(v) Income taxes

The Group has exposure to income taxes in numerous jurisdictions. There are certain transactions and computation for which the ultimate tax determination is uncertain during the ordinary course of business. Significant judgement is involved especially in determining tax base allowances and deductibility of certain expenses in determining the Group-wide provision for income taxes. The Group recognises liabilities for expected tax issues based on estimates of whether additional taxes will be due. Where the final tax outcome of these matters is different from the amounts that were initially recognised, such differences will impact the income tax and deferred tax provisions in the period in which such determination is made.

(vi) Contingent liabilities

Where it is not probable that an outflow of economic benefits will be required, or the amount cannot be estimated reliably, the obligation is disclosed as a contingent liability, unless the probability of outflow of economic benefits is remote. Possible obligations, whose existence will only be confirmed by the occurrence or non-occurrence of one or more future events are also disclosed as contingent liabilities unless the probability of outflow of economic benefits is remote.

The Directors are of the opinion that no provision is required in respect of the contingent liabilities as disclosed in Note 30 as it is not probable that future sacrifice of economic benefits will be required or the amount is not capable of reliable measurement.

NOTES TO THE FINANCIAL STATEMENTS

(CONTINUED)

For the year ended 31 December 2010

2. ACCOUNTING POLICIES (Continued)

IFRS AND IAS UPDATE FOR 31 DECEMBER 2010 ACCOUNTS

(a) New and amended standards adopted by the Group

The Group has adopted the following new and amended IFRSs as of 1 January 2010:

IFRS 3 (revised), 'Business combinations' and consequential amendments to IAS 27, 'Consolidated and separate financial statements', IAS 28, 'Investments in associates' and IAS 31, 'Interests in joint ventures', effective prospectively to business combinations for which the acquisition date is on or after the beginning of the first annual reporting period beginning on or after 1 July 2009.

The revised standard continues to apply the acquisition method to business combinations, with some significant changes. For example, all payments to purchase a business are to be recorded at fair value at the acquisition date, with contingent payments classified as debt subsequently re-measured through the statement of comprehensive income. There is a choice on an acquisition-by-acquisition basis to measure the minority interest in the acquiree either at fair value or at the minority interest's proportionate share of the acquiree's net assets. All acquisition-related costs should be expensed.

- IAS 27 (revised), 'Consolidated and separate financial statements', (effective from 1 July 2009). The revised standard requires the effects of all transactions with non-controlling interests to be recorded in equity if there is no change in control and these transactions will no longer result in goodwill or gains and losses. The standard also specifies the accounting when control is lost. Any remaining interest in the entity is remeasured to fair value, and a gain or loss is recognised in profit or loss. The company will apply IAS 27 (revised) prospectively to transactions with non-controlling interests from 1 January 2010.
- IAS 38 (amendment), 'Intangible assets'. The amendment is part of the IASB's annual improvements project published in April 2009 and the company will apply IAS 38 (amendment) from the date IFRS 3 (revised) is adopted. The amendment clarifies guidance in measuring the fair value of an intangible asset acquired in a business combination and it permits the grouping of intangible assets as a single asset if each asset has a similar useful economic life. The amendment will not result in a material impact on the company's financial statements.
- IAS 32 (amendment), 'Financial instruments: presentation – classification of rights issue', is effective from annual periods beginning on or after 1 February 2010 and amended the definition of a financial liability in order to classify rights issues (and certain options or warrants) as equity instruments in cases where such rights are given pro-rata to all of the existing owners of the same class of an entity's non-derivative equity instruments, or to acquire a fixed number of the entity's own equity instruments for a fixed amount in any currency. This amendment will have no impact on the company after initial application.
- IFRS2, Share-based Payment: Group Cash-settled Share-based Payment Transactions effective 1 January 2010. The IASB issued an amendment to IFRS2 that clarified the scope and the accounting for group cash-settled share-based payment transactions. The company adopted this amendment as of 1 January 2010. It did not have an impact on the financial position or performance of the company.
- IAS 39 Financial Instruments: Recognition and Measurement – Eligible Hedged Items effective 1 July 2009. The amendment clarifies that an entity is permitted to designate a portion of the fair value changes or cash flows variability of a financial instrument as a hedged item. This also covers the designation of inflation as a hedged risk or portion in particular situations. The company has concluded that the amendment will have no impact on the financial position or performance of the Company, as the Company has not entered into such hedges.

NOTES TO THE FINANCIAL STATEMENTS

(CONTINUED)

For the year ended 31 December 2010

2. ACCOUNTING POLICIES (Continued)

IFRS AND IAS UPDATE FOR 31 DECEMBER 2010 ACCOUNTS (continued)

(a) New and amended standards adopted by the Group (continued)

The following new standards, amendments to standards and interpretations are mandatory for the first time for the financial year beginning 1 January 2010, but are not currently relevant for the company:

- IFRIC 17, 'Distributions of non-cash assets to owners', effective for annual periods beginning on or after 1 July 2009. This is not currently applicable to the company, as it has not made any non-cash distributions.
- IFRIC 18, 'Transfers of assets from customers', effective for transfers of assets received on or after 1 July 2009. This is not relevant to the company, as it has not received any assets from customers.

(b) Standards, interpretations and amendments to published standards that are not yet effective

The following new standards, amendments to standards and interpretations have been issued, but are not effective for the financial year beginning 1 January 2010 and have not been early adopted:

- IAS 24 (Amendment), 'Related party transactions'. The amended standard is effective for annual periods beginning on or after 1 January 2011. It clarified definition of a related party to simplify the identification of such relationships and to eliminate inconsistencies in its application. The revised standard introduces a partial exemption of disclosure requirements for government-related entities. The company does not expect any impact on its financial position or performance.
- IFRIC 14 (Amendment), 'Prepayments of a minimum funding requirement'. The amendment to IFRIC 14 is effective for annual periods beginning on or after 1 January 2011 with retrospective application. The amendment provides guidance on assessing the recoverable amount of a net pension asset. The amendment permits an entity to treat the prepayment of a minimum funding requirement as an asset. The amendment is deemed to have no impact on the financial statements of the company.
- IFRS 9, 'Financial instruments: classification and measurement', as issued reflects the first phase of the IASB work on the replacement of IAS 39 and applies to classification and measurement of financial assets as defined in IAS 39. The standard is effective for annual periods beginning on or after 1 January 2013. In subsequent phases, the IASB will address classification and measurement of financial liabilities, hedge accounting and derecognition. The completion of this project is expected in early 2011. The adoption of the first phase of IFRS 9 might have an effect on the classification and measurement of the company's assets. At this juncture it is difficult for the company to comprehend the impact on its financial position and performance.
- IFRIC 19, 'Extinguishing financial liabilities with equity instruments', is effective for annual periods beginning on or after 1 July 2010. The interpretation clarifies that equity instruments issued to a creditor to extinguish a financial liability qualify as consideration paid. The equity instruments issued are measured at their fair value. In case that this cannot be reliably measured, the instruments are measured at the fair value of the liability extinguished. Any gain or loss is recognised in profit or loss. The adoption of this interpretation will have no effect on the financial statements of the company.

NOTES TO THE FINANCIAL STATEMENTS

(CONTINUED)

For the year ended 31 December 2010

2. ACCOUNTING POLICIES (Continued)

IFRS AND IAS UPDATE FOR 31 DECEMBER 2010 ACCOUNTS (continued)

(b) Standards, interpretations and amendments to published standards that are not yet effective (continued)

- Improvements to IFRS (issued in May 2010). The IASB issued improvement to IFRSs, an omnibus of amendments to its IFRS standards. The amendments have not been adopted as they become effective for annual periods on or after 1 January 2011 or 1 July 2010. The amendments listed below, are considered to have a reasonable possible impact on the company:
 - IFRS 3 Business combinations
 - IFRS 7 Financial instruments: disclosures
 - IAS 1 Presentation of financial statements
 - IAS 27 Consolidated and separate financial statements

The company expects no impact from the adoption of the above amendments on its financial position or performance.

Basis of consolidation

The consolidated financial statements incorporate the financial statements of the Company and entities controlled by the Company (its subsidiary companies) made up to 31 December each year. Control is achieved where the Company has the power to govern the financial and operating policies of an investee entity so as to obtain benefits from its activities.

Transactions, balances and unrealised gains on transactions between Group companies are eliminated. Unrealised losses are also eliminated but considered an impairment indicator of the asset transferred. Accounting policies of its subsidiary companies have been changed (where necessary) to ensure consistency with the policies adopted by the Group.

(i) Subsidiary companies

Subsidiary companies are entities over which the Group has the ability to control the financial and operating policies so as to obtain benefits from their activities. The existence and effect of potential voting rights that are currently exercisable or convertible are considered when assessing whether the Group has such power over another entity.

In the Company's separate financial statements, investments in subsidiary companies are stated at cost less impairment losses. On disposal of such investments, the difference between net disposal proceeds and their carrying amounts is included in profit or loss.

(ii) Basis of consolidation

The share capital in the consolidated statement of changes in equity for the both the current and comparative period uses a historic exchange rate to determine the equity value.

On 22 June 2007 MobilityOne Limited acquired the entire issued share capital of MobilityOne Sdn. Bhd. by way of a share for share exchange, under IFRS this transaction meets the criteria of a Reverse Acquisition. The consolidated accounts have therefore been presented under the Reverse Acquisition Accounting principles of IFRS 3 and show comparatives for MobilityOne Sdn. Bhd.. For financial reporting purposes, MobilityOne Sdn. Bhd. (the legal subsidiary company) is the acquirer and MobilityOne Limited (the legal parent company) the acquiree.

MOBILITYONE
TECHNOLOGY INNOVATION IN ONE

NOTES TO THE FINANCIAL STATEMENTS

(CONTINUED)

For the year ended 31 December 2010

2. ACCOUNTING POLICIES (Continued)

Basis of consolidation (continued)

Where necessary, adjustments are made to the financial statements of subsidiaries to bring the accounting policies used into line with those used by the Group.

All inter-group balances and transactions, including unrealised profits arising from intra-group transactions, are eliminated fully on consolidation.

Subsidiary companies are consolidated from the date of acquisition, being the date on which the Group obtains control, and continue to be consolidated until the date that such control ceases. In preparing the consolidated financial statements, intra-group balances, transactions and unrealised gains or losses are eliminated in full. Uniform accounting policies are adopted in the consolidated financial statements for like transactions and events in similar circumstances.

No goodwill has been recorded and the difference between the parent Company's cost of investment and MobilityOne Sdn. Bhd.'s share capital and share premium is presented as a reverse acquisition reserve within equity on consolidation.

The consolidated financial statements incorporate the financial statements of the Company and all entities controlled by it after eliminating internal transactions. Control is achieved where the Group has the power to govern the financial and operating policies of a Group undertaking so as to obtain economic benefits from its activities. Undertakings' results are adjusted, where appropriate, to conform to Group accounting policies.

As permitted by and in accordance with Article 110 of the Companies (Jersey) Law 1991, a separate income statement of MobilityOne Limited, is not presented.

Revenue recognition

Revenue is recognised when it is probable that economic benefits associated with the transaction will flow to the Group and the amount of the revenue can be measured reliably.

(i) Revenue from trading activities

Revenue in respect of using the Group's e-Channel platform arises from the sales of prepaid credit, sales commissions received and fees per transaction charged to customers. Revenue for sales of prepaid credit is deferred until such time as the products and services are delivered to end users. Sales commissions and transaction fees are received from various product and services providers and are recognised when the services are rendered and transactions are completed.

Revenue from solution sales and consultancy comprise sales of software solutions, hardware equipment, consultancy fees and maintenance and support services. For sales of hardware equipment, revenue is recognised when the significant risks associated with the equipment are transferred to customers or the expiry of the right of return. For all other related sales, revenue is recognised upon delivery to customers and over the period in which services are expected to be provided to customers.

NOTES TO THE FINANCIAL STATEMENTS

(CONTINUED)

For the year ended 31 December 2010

2. ACCOUNTING POLICIES (Continued)

Revenue recognition (Continued)

(ii) Interest income

Interest income is recognised on a time proportion basis that takes into account the effective yield on the asset.

Employee benefits

(i) Short term employee benefits

Wages, salaries, bonuses and social security contributions are recognised as an expense in the period in which the associated services are rendered by employees of the Group. Short term accumulating compensated absences such as paid annual leave are recognised when services are rendered by employees that increase their entitlement to future compensation absences. Short term non-accumulating compensated absences such as sick and medical leave are recognised when the absences occur.

The expected cost of accumulating compensated absences is measured as the additional amount expected to be paid as a result of the unused entitlement that has accumulated at the Statement of Financial Position date.

(ii) Defined contribution plans

As required by law, companies in Malaysia make contributions to the state pension scheme, the Employees Provident Fund ("EPF"). Such contributions are recognised as an expense in the income statement in the period to which they relate. The other subsidiary companies also make contribution to their respective countries' statutory pension schemes.

Finance leases

Assets financed by leasing arrangements, which give rights approximating to ownership, are treated as if they had been purchased outright and are capitalised and depreciated over the shorter of the estimated useful life of the assets and the period of the leases. The capital element of future rentals is treated as a liability and the interest element is charged against profits in proportion to the balances outstanding. The rental costs of all other leased assets are charged against profits on a straight-line basis over the lease term.

Operating leases

Leases in which a significant portion of the risks and rewards of ownership are retained by the lessor are classified as operating leases. Payments made under operating leases (net of incentives received from the lessor) are charged to the income statement.

Functional currency translation

(i) Functional and presentation currency

Items included in the financial statements of each of the Group's entities are measured using the currency of the primary economic environment in which the entity operates (the functional currency). The functional currency of the Group is Ringgit Malaysia (RM). The consolidated financial statements are presented in Pound Sterling (£), which is the Company's presentational currency as this is the currency used in the country in which the entity is listed.

NOTES TO THE FINANCIAL STATEMENTS

(CONTINUED)

For the year ended 31 December 2010

2. ACCOUNTING POLICIES (Continued)

Functional currency translation (continued)

Assets and liabilities are translated into Pound Sterling (£) at foreign exchange rates ruling at the Statement of Financial Position date. Results and cash flows are translated into Pound Sterling (£) using average rates of exchange for the period.

(ii) Transactions and balances

Foreign currency transactions are translated into the functional currency using exchange rates prevailing at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at year-end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognised in the income statement.

The financial information set out below has been translated at the following rates:

	Exchange rate (RM: £)	
	At Statement of Financial Position date	Average for year
Year ended 31 December 2010	4.78	4.96
Year ended 31 December 2009	5.50	5.53

Taxation

Taxation on the income statement for the financial period comprises current and deferred tax. Current tax is the expected amount of taxes payable in respect of the taxable profit for the financial period and is measured using the tax rates that have been enacted at the Statement of Financial Position date.

Deferred tax is recognised on the liability method for all temporary differences between the carrying amount of an asset or liability in the Statement of Financial Position and its tax base at the Statement of Financial Position date. Deferred tax liabilities are recognised for all taxable temporary differences and deferred tax assets are recognised for all deductible temporary differences, unused tax losses and unused tax credits to the extent that it is probable that future taxable profit will be available against which the deductible temporary differences, unused tax losses and unused tax credits can be utilised. Deferred tax is not recognised if the temporary difference arises from goodwill or negative goodwill or from the initial recognition of an asset or liability in a transaction which is not a business combination and at the time of the transaction, affects neither accounting profit nor taxable profit.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply to the period when the asset is realised or the liability is settled, based on the tax rates that have been enacted or substantively enacted by the Statement of Financial Position date. The carrying amount of a deferred tax asset is reviewed at each Statement of Financial Position date and is reduced to the extent that it becomes probable that sufficient future taxable profit will be available.

Deferred tax is recognised in the income statement, except when it arises from a transaction which is recognised directly in equity, in which case the deferred tax is also charged or credited directly in equity, or when it arises from a business combination that is an acquisition, in which case the deferred tax is included in the resulting goodwill or negative goodwill.

NOTES TO THE FINANCIAL STATEMENTS

(CONTINUED)

For the year ended 31 December 2010

2. ACCOUNTING POLICIES (Continued)

Intangible assets

(i) Research and development costs

All research costs are recognised in the income statement as incurred.

Expenditure incurred on projects to develop new products is capitalised and deferred only when the Group can demonstrate the technical feasibility of completing the intangible asset so that it will be available for use or sale, its intention to complete and its ability to use or sell the asset, how the asset will generate future economic benefits, the availability of resources to complete the project and the ability to measure reliably the expenditure during the development. Product development expenditures which do not meet these criteria are expensed when incurred.

Development costs, considered to have finite useful lives, are stated at cost less any impairment losses and are amortised through other operating expenses in the income statement using the straight-line basis over the commercial lives of the underlying products not exceeding five years. Impairment is assessed whenever there is an indication of impairment and the amortisation period and method are also reviewed at least at each Statement of Financial Position date.

(ii) Goodwill on consolidation

Goodwill acquired in a business combination is initially measured at cost, representing the excess of the purchase price over the Group's interest in the net fair value of the identifiable assets, liabilities and contingent liabilities.

Following the initial recognition, goodwill is measured at cost less accumulated impairment losses. Goodwill is not amortised but instead, it is reviewed for impairment annually or more frequent when there is objective evidence that the carrying value may be impaired, in accordance with the accounting policy disclosed in impairment of assets.

Gains or losses on the disposal of an entity include the carrying amount of goodwill relating to the entity sold.

Impairment of assets

The carrying amounts of assets are reviewed at each reporting date to determine whether there is any indication of impairment.

If any such indication exists then the asset's recoverable amount is estimated. For goodwill that has an indefinite useful life, recoverable amount is estimated at each reporting date or more frequently when indications of impairment are identified.

An impairment loss is recognised if the carrying amount of an asset or its cash-generating unit exceeds its recoverable amount unless the asset is carried at a revalued amount, in which case the impairment loss is recognised directly against any revaluation surplus for the asset to the extent that the impairment loss does not exceed the amount in the revaluation surplus for that same asset. A cash-generating unit is the smallest identifiable asset group that generates cash flows that are largely independent from other assets and groups. Impairment losses are recognised in the income statement in the period in which it arises. Impairment losses recognised in respect of cash-generating units are allocated first to reduce the carrying amount of any goodwill allocated to the units and then to reduce the carrying amount of the other assets in the unit (group of units) on a pro rata basis.

NOTES TO THE FINANCIAL STATEMENTS

(CONTINUED)

For the year ended 31 December 2010

2. ACCOUNTING POLICIES (Continued)

Impairment of assets (continued)

The recoverable amount of an asset or cash-generating unit is the greater of its value in use and its fair value less costs to sell. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset.

Impairment loss on goodwill is not reversed in a subsequent period. An impairment loss for an asset other than goodwill is reversed if, and only if, there has been a change in the estimates used to determine the asset's recoverable amount since the last impairment loss was recognised. The carrying amount of an asset other than goodwill is increased to its revised recoverable amount, provided that this amount does not exceed the carrying amount that would have been determined (net of amortisation or depreciation) had no impairment loss been recognised for the asset in prior years. A reversal of impairment loss for an asset other than goodwill is recognised in the income statement unless the asset is carried at revalued amount, in which case, such reversal is treated as a revaluation increase.

Property, plant and equipment

(i) Recognition and measurement

Property, plant and equipment are stated at cost less accumulated depreciation and accumulated impairment losses.

Cost includes expenditures that are directly attributable to the acquisition of the asset. The cost of self-constructed assets includes the cost of materials and direct labour, any other costs directly attributable to bringing the asset to working condition for its intended use, and the costs of dismantling and removing the items and restoring the site on which they are located. Purchased software that is integral to the functionality of the related equipment is capitalised as part of that equipment.

The cost of property, plant and equipment recognised as a result of a business combination is based on fair value at acquisition date. The fair value of property is the estimated amount for which a property could be exchanged on the date of valuation between a willing buyer and a willing seller in an arm's length transaction after proper marketing wherein the parties had each acted knowledgeably, prudently and without compulsion. The fair value of other items of plant and equipment is based on the quoted market prices for similar items.

When significant parts of an item of property, plant and equipment have different useful lives, they are accounted for as separate items (major components) of property, plant and equipment.

(ii) Subsequent costs

The cost of replacing part of an item of property, plant and equipment is recognised in the carrying amount of the item if it is probable that the future economic benefits embodied within the part will flow to the Group and its cost can be measured reliably. The costs of the day-to-day servicing of property, plant and equipment are recognised in the income statement as incurred.

NOTES TO THE FINANCIAL STATEMENTS

(CONTINUED)

For the year ended 31 December 2010

2. ACCOUNTING POLICIES (Continued)

Property, plant and equipment (continued)

(iii) Depreciation

Depreciation is recognised in the income statement on a straight-line basis over the estimated useful lives of property, plant and equipment. Leased assets are depreciated over the shorter of the lease term and their useful lives. Property, plant and equipment under construction are not depreciated until the assets are ready for their intended use.

The estimated useful lives for the current and comparative periods are as follows:

Motor vehicles	5 years
Electronic Data Capture equipment	10 years
Computer equipment	5 years
Computer software	10 years
Furniture and fittings	10 years
Office equipment	10 years
Renovation	10 years

The depreciable amount is determined after deducting the residual value.

Depreciation methods, useful lives and residual values are reassessed at each financial period end.

Upon disposal of an asset, the difference between the net disposal proceeds and the carrying amount of the assets is charged or credited to the income statement. On disposal of a revalued asset, the attributable revaluation surplus remaining in the revaluation reserve is transferred to the distribution reserve.

Investments

Investments in subsidiary companies are stated at cost less any provision for impairment.

Inventories

Inventories are valued at the lower of cost and net realisable value and are determined on the first-in-first-out method, after making due allowance for obsolete and slow moving items. Net realisable value is based on estimated selling price in the ordinary course of business less the costs of completion and selling expenses.

Trade and other receivables

Trade and other receivables are recognised initially at fair value and subsequently measured at their cost when the contractual right to receive cash or other financial assets from another entity is established.

A provision for doubtful debts is made when there is objective evidence that the Group will not be able to collect all amounts due according to the original terms of the receivables. Significant financial difficulties of the debtor, probability that the debtor will enter bankruptcy or financial reorganisation and default or delinquency in payments are considered indicators that a trade and other receivables are impaired.

NOTES TO THE FINANCIAL STATEMENTS

(CONTINUED)

For the year ended 31 December 2010

2. ACCOUNTING POLICIES (Continued)

Cash and cash equivalents

Cash and cash equivalents include cash in hand, deposits held at call with banks, other short-term highly liquid investments with original maturities of three months or less which have an insignificant risk of changes in value and bank overdrafts. For the purpose of Statement of Cash Flows, cash and cash equivalents are presented net of bank overdrafts.

Non-current assets held for sale

Non-current assets are classified as held for sale and stated at the lower of carrying amount and fair value less cost to sell if their carrying amount will be recovered principally through a sale transaction rather than through continuing use. This condition is regarded as met only when the sale is highly probable and the asset is available for immediate sale in its present condition subject only to terms that are usual and customary.

Trade and other payables

Trade and other payables are recognised initially at fair value of the consideration to be paid in the future for goods and services received.

Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are capitalised as part of the cost of those assets, until such time as the assets are substantially ready for their intended use or sale.

When the borrowings are made specifically for the purpose of obtaining a qualifying asset, the amount of borrowing costs eligible for capitalisation is the actual borrowing costs incurred on that borrowing during the period less any investment income on the temporary investment of funds drawn down from those borrowings.

When the borrowings are made generally, and used for the purpose of obtaining a qualifying asset, the borrowing costs eligible for capitalisation are determined by applying a capitalisation rate which is weighted on the borrowing costs applicable to the Group's borrowings that are outstanding during the financial period, other than borrowings made specifically for the purpose of acquiring another qualifying asset.

Borrowing costs which are not eligible for capitalisation are recognised as an expense in the profit or loss in the period in which they are incurred.

Equity instruments

Instruments that evidence a residual interest in the assets of the Group after deducting all of its liabilities are classified as equity instruments. Issued equity instruments are recorded at proceeds received net of direct issue costs.

Ordinary shares are classified as equity. Incremental costs directly attributable to the issue of new shares or options are shown in equity as a deduction, net of value added tax, from the proceeds.

NOTES TO THE FINANCIAL STATEMENTS

(CONTINUED)

For the year ended 31 December 2010

2. ACCOUNTING POLICIES (Continued)

Financial instruments

Financial instruments carried on the Statement of Financial Position include cash and bank balances, deposits, investments, receivables, payables and borrowings. Financial instruments are recognised in the Statement of Financial Position when the Group has become a party to the contractual provisions of the instrument.

Financial instruments are classified as liabilities or equity in accordance with the substance of the contractual arrangement. Interest, dividends and gains and losses relating to a financial instrument classified as a liability, are reported as an expense or income. Distributions to holders of financial instruments classified as equity are charged directly to equity. Financial instruments are offset when the Group has a legally enforceable right to offset and intends to settle either on a net basis or to realise the asset and settle the liability simultaneously.

The particular recognition method adopted for financial instruments recognised on the Statement of Financial Position is disclosed in the individual accounting policy statements associated with each item.

Share based payments

Charges for employees services received in exchange for share based payments have been made for all options granted in accordance with IFRS 2 "Share Based Payments" options granted under the Group's employee share scheme are equity settled. The fair value of such options has been calculated using a Black-scholes model, based upon publicly available market data, and is charged to the profit or loss over the vesting period.

3. FINANCIAL INSTRUMENTS

(a) Financial risk management objectives and policies

The Group and the Company's financial risk management policy is to ensure that adequate financial resources are available for the development of the Group and of the Company's operations whilst managing its financial risks, including interest rate risk, credit risk, foreign currency exchange risk, liquidity and cash flow risk and capital risk. The Group and the Company operates within clearly defined guidelines that are approved by the Board and the Group's policy is not to engage in speculative transactions.

(b) Interest rate risk

Cash flow interest rate risk is the risk that the future cash flows of a financial instrument will fluctuate because of changes in market interest rates. Fair value interest rate risk is the risk that the value of a financial instrument will fluctuate due to changes in market interest rates. As the Group has no significant interest-bearing financial assets, the Group's income and operating cash flows are substantially independent of changes in market interest rates.

The Group's interest rate risk arises primarily from interest-bearing borrowings. Borrowings at floating rates expose the Group to cash flow interest rate risk. Borrowings obtained at fixed rates expose the Group to fair value interest rate risk.

NOTES TO THE FINANCIAL STATEMENTS

(CONTINUED)

For the year ended 31 December 2010

3. FINANCIAL INSTRUMENTS (Continued)

The following tables set out the carrying amounts, the effective interest rates as at the Statement of Financial Position date and the remaining maturities of the Group's financial instruments that are exposed to interest rate risk:

At 31 December 2010	Note	Effective Interest Rate %	Within					More than		Total

NOTES TO THE FINANCIAL STATEMENTS

(CONTINUED)

For the year ended 31 December 2010

3. FINANCIAL INSTRUMENTS (Continued)

(c) Credit risk

The Group's and the Company's exposure to credit risk arises mainly from receivables. Receivables are monitored on an ongoing basis via management reporting procedure and action is taken to recover debts when due. At each Statement of Financial Position date, there was no significant concentration of credit risk. The maximum exposure to credit risk for the Group and the Company is the carrying amount of the financial assets shown in the Statement of Financial Position.

(d) Foreign currency exchange risk

The Group and the Company is exposed to foreign currency risk on sales, purchases and borrowings that are denominated in a currency other than Ringgit Malaysia. The currency giving rise to this risk is primarily US dollars. The Group and the Company maintains a natural hedge that minimises the foreign exchange exposure by matching foreign currency income with foreign currency costs.

The Group does not consider it necessary to enter into foreign exchange contracts in managing its foreign exchange risk resulting from cash flows from transactions denominated in foreign currency, given the nature of the business for the time being.

The net unhedged financial assets of the Group that are denominated in its functional currency are as follows:

	Net Financial Asset Held in Non-Functional Currency		
	Indonesian Rupiah £	US Dollars £	Total £
Group			
At 31 December 2010			
Trade receivables	49,896	95,144	145,040
Group			
At 31 December 2009			
Trade receivables	8,594	-	8,594

(e) Liquidity and cash flow risks

The Group and the Company seeks to achieve a flexible and cost effective borrowing structure to ensure that the projected net borrowing needs are covered by available committed facilities. Debt maturities are structured in such a way to ensure that the amount of debt maturing in any one year is within the Group's and the Company's ability to repay and/or refinance.

The Group and the Company also maintains a certain level of cash and cash convertible investments to meet its working capital requirements.

3. FINANCIAL INSTRUMENTS (Continued)

(f) Capital risk

The Group's and the Company's objectives when managing capital are to safeguard the Group's and the Company's ability to continue as a going concern in order to provide returns for shareholders and benefits for other stakeholders and to maintain an optimal capital structure to reduce the cost of capital. In order to maintain or adjust the capital structure, the Group and the Company may adjust the amount of dividends paid to shareholders, return capital to shareholders, issue new shares or sell assets to reduce debt.

8. TAX

	Group	
	2010	2009
	£	£
Current tax expense:		
UK corporation tax for the year	-	-
Foreign tax	9,039	-
	9,039	-

A reconciliation of income tax expense applicable to loss before tax at the statutory income tax rate to income tax expense at the effective income tax rate of the Group is as follows:

	Group	
	2010	2009
	£	£
Loss before tax	(206,079)	(917,343)
Taxation at UK Corporation tax rate of 28% (2009: 28%)	(57,703)	(256,856)
Effect of different tax rates in other countries	930	20,319
Pioneer status tax incentive	-	(13,564)
Effect of expenses not deductible for tax	75,454	97,090
Effect of utilisation of previous unrecognised unabsorbed capital allowance	(21,820)	-
Deferred tax not recognised in respect of current year's tax losses and unabsorbed capital allowances	8,221	94,703
Temporary differences in respect of property, plant and equipment not recognised	75,209	58,308
Effect of development costs capitalised deductible for tax purposes	(71,252)	-
Tax expense for the year	9,039	-

Current income tax is calculated at the weighted average tax rate of 28% (2009: 28%).

The direct subsidiary company, MobilityOne Sdn. Bhd., was granted Pioneer Status by the relevant authorities for an additional period of five years effective from 26 April 2010 to 25 April 2015.

NOTES TO THE FINANCIAL STATEMENTS

(CONTINUED)

For the year ended 31 December 2010

8. TAX (Continued)

As at 31 December 2010, the unrecognised deferred tax assets of the Group are as follows:

	Group	
	2010	2009
	£	£
Unabsorbed tax losses	139,520	45,609
Unabsorbed capital allowances	208,161	36,833
Taxable temporary differences	-	-
	347,681	82,442

The potential net deferred tax assets amounting to £347,681 (2009: £82,442) has not been recognised in the financial statements because it is not probable that future taxable profit will be available against which the subsidiary company can utilise the benefits.

The availability of the unused tax losses and unabsorbed capital allowances for offsetting against future taxable profits of the subsidiary company is subject to no substantial changes in shareholdings of the subsidiary company under Section 44(5A) and (5B) of Income Tax Act, 1967.

9. LOSS OF COMPANY

The profit or loss of the Company is not presented as part of these financial statements. The Company's loss for the financial year was £43,042 (2009: £440,533).

10. EARNINGS PER SHARE

	Group	
	2010	2009
Consolidated loss after taxation (£)	(215,653)	(916,220)
Weighted average number of shares in issue	93,574,951	79,934,951
Fully diluted weighted average number of shares in issue	93,574,951	79,934,951
Basic earnings per share (pence)	(0.23)	(1.15)
Diluted earnings per share (pence)	(0.23)	(1.15)

The basic earnings per share is calculated by dividing the loss of £215,653 (2009: loss of £916,220) attributable to ordinary shareholders by the weighted average number of ordinary shares outstanding during the year, which is 93,574,951 (2009: 79,934,951).

The diluted earnings per share is calculated using the weighted average number of shares adjusted to assume the conversion of all dilutive potential ordinary shares. For the year ended 31 December 2010, the diluted earnings per share is equivalent to the basic earnings per share as the exercise price of the share options is above the current market price.

NOTES TO THE FINANCIAL STATEMENTS

(CONTINUED)

For the year ended 31 December 2010

11. INTANGIBLE ASSETS (Continued)

Included in development costs incurred during the financial year are:-

	Group	
	2010	2009
	£	£
Employee benefits expenses (Note 4)	189,861	-
Directors' remuneration (Note 4)	55,180	-
Rental of premises	143,952	-

The Group assesses at each reporting date whether there is an indication that an asset may be impaired, by considering the net present value of discounted cash flows forecasts. If an indication exists an impairment review is carried out. At the year end, there was no indication of impairment of the value of goodwill on consolidation or of development costs.

Goodwill on consolidation

(a) Impairment testing for goodwill on consolidation

Goodwill on consolidation has been allocated for impairment testing purposes to the individual entities which is also the cash-generating units ("CGU") identified.

(b) Key assumptions used to determine recoverable amount

The recoverable amount of a CGU is determined based on value in use calculations using cash flow projections based on financial budgets approved by the Directors covering a 5 years period. The projections are based on the assumption that the Group can realise projected sales. A prudent approach has been applied with no residual value being factored into these calculations. If the projected sales do not materialise there is a risk that the total value of the intangible assets shown above would be impaired. A pre-tax discount rate of 8.50% per annum was applied to the cash flow projections, after taking into consideration the Group's cost of borrowings, the expected rate of return and various risks relating to the CGU.

During the financial year, the Group did not recognise any impairment loss in respect of the goodwill on consolidation. A significant proportion of goodwill on consolidation relates to the acquisition of Netoss Sdn. Bhd. which is a CGU and has a carrying amount of £1,486,174 (2009: £4,391,072). Its recoverable amount has been determined based on value in use using cash flow projections and key assumptions as described in (b) above.

Development costs

Development costs will not be amortised if the product is still in its development phase. The amortisation of the development costs is over 5 years period, which in the opinion of the Directors is adequate.

NOTES TO THE FINANCIAL STATEMENTS

(CONTINUED)

For the year ended 31 December 2010

15. TRADE AND OTHER RECEIVABLES (Continued)

Receivables that were neither past due nor impaired relate to a wide range of customers for whom there was no recent history of default.

Receivables that were past due but not impaired relate to a number of independent customers that have a good track record with the Group. Based on past experience, management believes that no impairment allowance is necessary in respect of these balances as there has not been a significant change in credit quality and the balances are still considered fully recoverable.

(b) Related party balances

The amount due from subsidiary companies is unsecured, non-interest bearing and is repayable on demand.

25. REVERSE ACQUISITION RESERVE

The acquisition of MobilityOne Sdn. Bhd. by MobilityOne Limited, which was affected through a share exchange, was completed on 5 July 2007 and resulted in MobilityOne Sdn. Bhd. becoming a wholly owned subsidiary of MobilityOne Limited. Pursuant to a share swap agreement dated 22 June 2007 the entire issued and paid-up share capital of MobilityOne Sdn. Bhd. was transferred to MobilityOne Limited by its owners. The consideration to the owners was the transfer of 178,800,024 existing ordinary shares and the allotment and issuance by MobilityOne Limited to the owners of 81,637,200 ordinary shares of 2.5p each. The acquisition was completed on 5 July 2007. Total cost of investment by MobilityOne Limited is £2,040,930, the difference between cost of investment and MobilityOne Sdn. Bhd. share capital of £708,951 has been treated as a reverse acquisition reserve.

31. FOREIGN CURRENCY TRANSLATION RESERVE

The subsidiary companies' assets and liabilities stated in the Statement of Financial Position were translated into Sterling Pound (£) using the closing rate as at the Statement of Financial Position date and the income statements were translated into £ using the average rate for that period. All resulting exchange differences are taken to the foreign currency translation reserve within equity.

	2010 £	2009 £
As at 1 January	552,141	1,049,357
Currency translation differences during the year due from subsidiary companies	433,103	(497,216)
As at 31 December	985,244	552,141

The foreign currency translation reserve is used to record exchange differences arising from the translation of the financial statements of foreign operations whose functional currencies are different from that of the Group's presentation currency. It is also used to record the exchange differences arising from monetary items which form part of the Group's net investment in foreign operations, where the monetary item is denominated in either the functional currency of the reporting entity or the foreign operation.

32. RETAINED EARNINGS

Retained earnings represents the cumulative earnings of the Group attributable to equity shareholders.

	Group	
	2010 £	2009 £
As at 1 January	(1,439,436)	(523,216)
Loss for the year	(215,653)	(916,220)
As at 31 December	(1,655,089)	(1,439,436)

No options have been exercised or lapsed.

NOTICE OF ANNUAL GENERAL MEETING

NOTICE IS HEREBY GIVEN THAT an Annual General Meeting of **MOBILITYONE LIMITED** (“Company”) will be held at 9.00 a.m. Malaysia time on 22 July 2011 at Malaysian Petroleum Club, Level 42, Tower 2, Petronas Twin Towers, Kuala Lumpur City Centre, 50088 Kuala Lumpur, Malaysia, and for the purpose of considering and, if thought fit, adopting the following resolutions, at the meeting, or of any adjournment thereof:

ORDINARY RESOLUTIONS

1. **THAT** the Company's accounts and reports of the Directors and Auditors for the year ended 31 December 2010 be adopted.
2. **THAT** Dato' Shamsir bin Omar is re-elected as a Director.
3. **THAT** Kjetil Langland Bohn is re-elected as a Director.
4. **THAT** Jeffrey's Henry LLP of Finsgate, 5-7 Cranwood Street, EC1V 9EE London, United Kingdom be reappointed as Auditors of the Company (in accordance with Article 33 of the Articles of Association of the Company) to hold office until the conclusion of the next general meeting.
5. **THAT** the Directors be authorised to fix the remuneration of the Auditors.

BY ORDER OF THE BOARD

Dato' Dr. Wan Azmi bin Ariffin

Chairman

Dated: 30 June 2011

Notes:

- 1 A member of the Company entitled to attend and vote at the above mentioned meeting is entitled to appoint a proxy to attend and, on a poll, to vote in his/her place. A proxy may demand, or join in demanding, a poll. A proxy need not be a member of the Company. A member may appoint more than one proxy to attend on the same occasion.
- 2 The instrument appointing a proxy and the power of attorney or other authority (if any) under which it is signed, or a notarially certified copy of such power or authority, shall be deposited with the Company's registrars, Computershare Investor Services (Channel Islands) Limited, Queensway House, Hilgrove Street, St Helier, Jersey JE1 1ES, Channel Islands, or at such other place as is specified for that purpose in the notice of the meeting or in the instrument of proxy issued by the Company at least 24 hours before the time appointed for holding the meeting or adjourned meeting at which the person named in the instrument proposes to vote or, in the case of a poll, at least 24 hours before the time appointed for taking the poll and, in default, the instrument of proxy shall not be treated as valid.
- 3 Completion of the instrument appointing a proxy does not preclude a member from subsequently attending and voting at the meeting in person if he/she so wishes.
- 4 In the case of joint holders, the vote of the senior who tenders a vote, whether in person or by proxy, shall be accepted to the exclusion of the votes of the other joint holders, and seniority shall be determined by the order in which the names of the Holders stand in the register of members of the Company.
- 5 As permitted by Regulation 40(1) of the Companies (Uncertificated Securities) (Jersey) Order 1999, only persons entered on the register of members of the Company not later than 48 hours before the time appointed for the meeting are entitled to attend and/or vote at the meeting in respect of the number of shares registered in their name at that time. Changes to entries on the register of members after that time will be disregarded in determining the rights of any person to attend and/or vote at the meeting.

I / We: (full name)

of: (address)

being a member of MobilityOne Limited, do hereby appoint: (full name)

or failing him: (full name)

or failing him the Chairman of the Meeting as my / our proxy to attend the Annual General Meeting of MobilityOne Limited to be held at Malaysian Petroleum Club, Level 42, Tower 2, Petronas Twin Towers, Kuala Lumpur City Centre, 50088 Kuala Lumpur, Malaysia on 22 July 2011 at 9.00 a.m. Malaysia time or any adjournment thereof.

I/We request such proxy to vote as indicted below:

ORDINARY RESOLUTIONS	FOR	AGAINST	WITHHOLD
1. THAT the Company's accounts and reports of the Directors and Auditors for the year ended 31 December 2010 be adopted.			
2. THAT Dato' Shamsir bin Omar is re-elected as a Director.			
3. THAT Kjetil Langland Bohn is re-elected as a Director.			
4. THAT Jeffreys Henry LLP of Finsgate, 5-7 Cranwood Street, EC1V 9EE London, United Kingdom be reappointed as Auditors of the Company (in accordance with Article 33 of the Articles of Association of the Company) to hold office until the conclusion of the next general meeting.			
5. THAT the Directors be authorised to fix the remuneration of the Auditors.			

Please indicate by marking "X" in the respective box. If no indication is given, your proxy will have discretion to vote or to abstain (including on any other matter which may properly come before the meeting as he/she thinks fit).

If by an individual:
